

## Question of the month:

WHAT IS THE END OF  
SUMMER, AND WHAT  
DOES THE END OF  
SUMMER MEAN TO YOU?

Come by and give us your answer on our  
“Question of the Month” magnet board.

## Far-Out Art

When astronaut Buzz Aldrin saw the artwork on the walls at ExplorationWorks, he said, “Helena appears to have a lot of future astronauts and space explorers.”

The beautiful pieces of art were created by students at Smith School. With the help of Kathy Shoderbek and Minda Hesskamp, students were taught about space and how to express the theme in a variety of art mediums. With the okay from principal Pam Wright and volunteer time from Minda, the project was truly “far out!”

The exhibition was the perfect fit when we hosted Buzz Aldrin last month, and it will be on display through August.
