Needle Felting with Gina Barr Eiger

Gina Barr Eiger, formerly of Helena, is a fiber artist who lives in Whangarei, New Zealand.

"I have incorporated my study of art as a university student and in life into my felted characters. My progression into needle felting was a natural one leading from a 30-year involvement with wool. I love the warm, rich smell and texture of this most versatile of fibers."

Join Gina at ExplorationWorks for an evening rich in characters and inspiration, and try your hand at needle felting.
